

YEAR OF THE ECLIPSE

Millions of people are getting ready to view the Total Eclipse on April 8th. At Keystone we are excited because our factory is perfectly located for viewing the event.

...funny thing is, the Eclipse has really been at Keystone here in Erie, PA for over 6 years! (the Eclipse Bottle, that is).

Whichever Eclipse you are looking for, Keystone is here to help. In the spirit of the Total Eclipse, we are having a special on our #0230 and #0231 Eclipse bottles for a very limited time.

The details:

Total Eclipse: Total obscurity is from 3:16:22 PM to 3:20:05 PM minutes (3 mins., 43 seconds)

The Eclipse Bottle Special runs a little longer. It begins now through April 15th. We did not want the deadline to be too taxing. (see what we did there?)

Please mark your p.o. with "Eclipse Special" to receive your pricing.
