## WHY BAMBOO?

Bamboo requires no pesticides, artificial irrigation or re-planting.

Bamboo can produce up to 14 harvests in the time it takes a hardwood forest to grow to maturity.

Bamboo absorbs more carbon dioxide and releases 35% more oxygen than a comparable mass of trees.

"As Low As" pricing refers to end quantity pricing. Pricing may vary depending upon ordered quantity.

**SETUP: \$50 IMPRINT:** Listed prices include up to 2 square inches of engraved artwork. Larger engravings will incur an additional fee of \$0.63 per square inch per unit.
